KAMATECH
PROJECTS

03 January 2019

TO WHOM IT MAY CONCERN

Dear Sir/Madam

RE: KAMATECH PROJECTS (PVT) LTD

We are pleased to introduce our company Kamatech Projects to your firm.

Kamatech Projects is a company specializing in Electrical Engineering projects. That is, supply and installation of electrical equipment, design of electrical services, project management, contracting and maintenance of same. Our organization derives its strength from its promoter Eng. N. Kanjanda who has many years of experience in Plant Operations and Maintenance, Switchboard Manufacturing, Consultancy, Contracting, Project Management, Sales and Marketing.

We have vast experience in the Electrical Engineering Services in Restaurants, Supermarkets, Banks, Shops and Offices; Water and Sewage Works, Food and Beverage Industries; Plastic and Paper Industries; Iron and Steel; Manufacturing and Mining Industries and have worked on various solar PV systems, motor control equipment including motor control centres, variable speed drives, soft starters and PLCs as further detailed in the company profile attached herewith.

In keeping with integrity and desire for professional finesse, Kamatech Projects is proud to be registered with the Construction Industry Federation of Zimbabwe (CIFOZ) in the Sub-Contractor Category "A" Electrical. By virtue of this ranking, the company can handle any electrical installation project.

We trust the above meets with your approval and should you require more information please do not hesitate to contact the undersigned, or should you require a meeting with our directors to discuss matters of mutual interest, please feel free to contact us, as we always are at your disposal.

Thanking you in advance for your support.

Yours faithfully

For and on behalf of Kamatech Projects

N. KANJANDA
Managing Director

Section C

VISION, MISSION STATEMENT & QUALITY ASSURANCE

VISION

To be one of the leading Electrical and Industrial suppliers, contractors and manufactures in Southern Africa by 2030.

MISSION

Our mission is to provide Electrical and Mechanical solutions to our customers in Zimbabwe and the region through diversification into manufacture of electrical goods, distribution of electrical products, project undertaking and management.

We will pursue this mission by the use technology and dedicated personnel with the objective of realizing return and sustainable growth.

We will endeavour to provide quality products and services meeting international standards by constantly revising training programmes for our personnel, keeping abreast with latest technology and upholding national laws.

We will promote the safe use of Electricity in the community by offering safe products and encouraging strict adherence to safety regulations both within our personnel and the community we serve.

QUALITY ASSSUARANCE SYSTEM

Though not yet certified for ISO 45001 and ISO 9001, we have got a quality policy as documented in our quality statement and is available for inspection at our offices.

Our policy is centered on providing quality goods and services that exceeds the customer's expectations and is fostered by Quality personnel in the management team that have vast experience in working for ISO certified companies.

VALUE CHAIN

Kamatech Projects has got several accounts with various manufacturers and wholesalers of electrical and other goods and also relies on importation of goods not locally manufactured.

Section D

COMPANY BUSINESS

We have two main divisions as follows:-

A) ELECTRICAL CONTRACTING AND PROJECTS (BUILDING SERVICES DIVISION)

We are actively involved in different forms of electrical projects as detailed below:-

- Complete installation work in industrial set up i.e installation of plant and equipment such as standby generators, automatic voltage regulators, transformers etc, including commissioning of same.
- Complete installation of solar systems, solar street lighting, power factor correction equipment, UPS systems, fire alarm and security systems.
- Complete installation of energy management systems to reduce electricity bills.
- Complete installation work in all types of buildings i.e houses, office blocks, factories, shopping malls, banks, schools, hospitals
- Complete industrial integrated automation systems in factories.
- Complete installation of over head lines, area yard and security lighting systems.
- Complete repair and maintenance work on all types of electrical motors and associated control gear.
- Complete Design, Fabrication and installation of cable management systems

B) ELECTRICAL CONTRACTING AND PROJECTS (MEDIUM-HIGH VOLTAGE, OVERHEAD LINES AND SUBSTATIONS DIVISION)

Line & Substation Construction:-

- Site Survey and Single Line Diagram Design
- Layout Design
- Project Schedule preparation and complete set of estimation of all kind of work
- Production of Drawings and Requirements to Connect With transmission Line
- Earthing/ Grounding System
- Testing and Commissioning

Installation of Substation Equipment:-

- Installation of Power Transformers, RMUs
- Panels Etc.
- Switchgear
- Installation of Steel Structure with on Site Fabrication
- Cable Laying
- Cable Tray Installation and Fabrication
- Grounding System Installation
